OUTLINES.

The schooner Calumet, Philadelphia for Tampa, puts in at Norfolk for repairs because of damages sustained in the recent storm——Wright Brothers make a most successful flight with their aeroplane——Three persons are killed and one fatally injured by a fire caused by escape of natural gas in a house in Wheeling, W. Vo.——A state of tumult reigned in Portsmouth, Va., last night, resulting from the murder of Patrolman Winninger by a negro, and an assault on Mrs. Katherine Powell. Armed white men thronged the street determined to lynch the negro if captured and Mayor Reed by request called out the local militia, who surrounded the negro, and at latest reports believe they have the situation under control——The second reduction of wages on the Norfolk & Western Railway recently submitted to their employes by the managers, was unanimously voted down. President Johnson says that the company will not make a reduction——Moses D. Brown, the oldest practicing attorney in Chicago, and two associates, was yesterday found guilty of conspiracy to murder Mrs. Annie E. Nolain, in an effort to obtain her property. He was fined $1,000 and two others were sent to the penitentiary for an indefinite period——The notification exercises at Lincoln, Neb., today, when Willam J. Bryan will be officially notified of his nomination by the Democrats for the Presidency, will be marked by a gathering of Democrats from almost every State in the Union. Mr. Bryan's speech of acceptance, which will deal with the issues of the party's platform, will be of great political interest——A pouch containing $2,000 worth of pay checks was stolen from Washington last week. The valuable pouch was in charge of a negro messenger, who thoughtlessly left it on his bicycle——New York markets: Money on call 1 to 1 1-2, ruling rate 1, closing bid 1, offered at 1, time loans easier. This seems to be a campaign in which each side is scared of the other; therefore there is going to be some hard fighting on both sides.

The Indianapolis Star asks: "Shall it be a survival of the fittest or the fattest?" This is a campaign cruelty that will not be relished by Taft.

If Bryan is not elected this time there is no use in his ever running again, for there never were better indications of Democratic success.

Do you suppose Marion Butler thinks Judge Pritchard or any one else in this State would put any confidence in his assumption of sincerity toward any person or party?

The News and Observer seems to be worried over the political outlook in Wake county. It seems they have not gotten through with the Prohibition campaign there.

Both sides seem glad to drop that matter about the State Guard encampment at Morehead. It looks like each side is afraid the other will prove its case if pushed to the wall.

We hope the Charlotte people will succeed in securing Taft as a drawing card for the 26th. It would be a big thing for that city and she is a city not content with any but big things.

And after coming all the way to North Carolina to visit the Guilford battle ground, old man Joe Cannon pretended he did not know what it was. He should not have proclaimed such ignorance of American history.

The Democrats have put up mighty strong men for Governor in the three States of Indiana, Ohio and Illinois. The Republicans know they will increase the Bryan vote in those States and they are uneasy.

And so old foxy Marion Butler is trying to get back into North Carolina politics. He pretends to be anxious to have Pritchard for Governor. Wonder if he thinks the Judge has forgotten the scurvy trick he played him back in the nineties.

Mr. Watterson surely snubbed the New York newspaper men in the appointing of his press committee to aid the Democratic National committee. Not a New York newspaper man is on it. Some folks want to know what this means.

The article in the Greensboro Christian Advocate is not the first we have heard of the style of conducting the encampments at the State campgrounds. Any person who will inquire into the matter will say that Fort Caswell is the proper place for the encampments.

MEETS HERE TODAY

Second Semi-Annual Meeting of Hotel Men's Association at Wrightsville Beach.

Library of Congress

FEATURES OF THE MEETING

The Association, Organized 6 Months Ago, Doubled in Membership—Interesting and Profitable Session Expected.

Practically all of the leading hotel men of North Carolina and some from other States are at the Seashore Hotel, Wrightsville Beach, for the semi-annual meeting of the North Carolina Hotel Men's Association, which will be called to order there at 3 o'clock this afternoon by the president, Mr. C. E. Hooper, of Charlotte, proprietor of the Buford Hotel. Several of the delegates arrived some days ago and have passed the time very pleasantly at the beach, but the majority of the delegates arrived yesterday. Others will come in this morning.

The delegates are expecting an interesting and profitable session as there are a number of matters pertaining to the hotel business that will be discussed and acted upon. The first session was held in Winston-Salem in February of this year at which the organization was perfected. Many of the ideas and suggestions gained from the first gathering have been of incalculable advantage to the members during the past six months,and still greater things are looked for as the result of the second meeting.

In speaking with a Star representative yesterday afternoon, Mr. John Rector, of High Point, secretary of the association, stated that the growth of organization had been greater than had been expected, the membership having increased 50 per cent. during that period. Mr. Rector is much encouraged over the prospects of the future of the association.

One of the chief objects of the association is to bring the hotel men of the State in closer touch with each other for mutual benefit and protection and for the improvement of the service of various hotels of the State. Mr. Rector said that notwithstanding the financial depression of the past six months the hotels of the State had done a splendid business, almost equaling that of any previous six months.

In addition to the hotel men of the State there will be present several well known hotel men of other States, among whom will be Mr. P. M. Fry, of the Jefferson, Richmond, Va., who will address the assemblage. Mr. J. R. Watts, of Watts Railway Guide, of Atlanta, Ga., will also be in attendance and deliver an address. Among the members of the Association who will make addresses are Mr. J. E. Kavanaugh, manager of the Zinzendorf Hotel, Winston-Salem; Howell Cobb, of Raleigh; E. G. Gilmer, of Statesville. There will be a large number of other addresses.

The place of the next meeting will be selected at the meeting this afternoon. Some three or four cities have put in bids for the next meeting and it is known that the members are divided as to which place should be chosen, hence it can not be forecasted with any degree of certainty which town will get the next gathering.

Among those who have already arrived for the gathering are: Messrs. C. T. Barnett, Gaston Hotel, Newbern; Lewis T. Brown, Cannon Hotel, Goldsboro; J. B. Rector, High Point; C. E. Hooper, Buford Hotel, Charlotte; O W. Spencer, Central Hotel, Salisbury; H. C. Williams, Charlotte; J. E. Kavanaugh, Zinzendorf Hotel, Winston-Salem; R. E. Crawford, Briggs Hotel, Wilson; J. P. Sanders, manager of Hotel Huffine, Greensboro; J. E. Montague, of Hickory, and R. E. Crawford of Wilson.

The Campbell woman will be given a preliminary trial this morning at 10 o'clock before Justice Bornemann.

COLORED ODD FELLOWS

District Meeting of the G. U. O. F. Being Held Here This Week—Three Sessions Yesterday. Committees Named.

(Reported for the Star.)

The 27th annual session of the District Grand Lodge, No. 7, Grand United Order of Odd Fellows of North Carolina, convened in Ruth Hall, on Seventh street, in this city yesterday morning with a large attendance of delegates, among whom are some of the best known colored people of the State. The meetings will continue for three days. This organization boasts of the largest membership of any fraternal society in North Carolina.

The following are the principal officers presiding over the deliberations of the body:

District Grand Master—J. B. Catus, Winton.

Deputy District Grand Master—C. C. Caldwell, Gastonia.

Grand Secretary—W. S. Ingram, Durham.

Grand Endowment Secretary—S. H. Vick, Wilson.

Grand Treasurer—Maurice Watts, Raleigh.

The District Grand Master called the Grand Lodge to order at 10:30 A. M. Fully 200 delegates were present when the gavel announced the hour of meeting, which was opened according to the custom of the order.

The following persons were made a committee on credentials—T. D. Garrell, J. H. Hhorps, J. S. Lanier, Maurice Watts and A. R. Middleton.

The following were made a committee on hours of meeting:—S. M. Adams, James E. Howard, J. W. Neil and W. H. Nixon.

Short addresses were made by Rev. B. F. Martin, of Gastonia; Prof. J. H. Branch, of Raleigh; Prof. J. R. Hawkins, of Kittrell; C. S. Brown, Winton; Rev. C. C. Caldwell, Rev. W. S. Miller of Weldon.

The committee on credentials reported 179 delegates, representing 179 subordinate lodges and a membership reaching nearly ten thousand. The growth of the lodges has been wonderful in the State, and general prosperity prevails in all its departments.

The committee on hours of meeting reported as follows: Meet at 10 A. M. and adjourn at 12:30 P. M.; reassemble at 2:30 P. M., adjourn at 5 P. M.; reassemble at 8 P. M., and adjourn at pleasure.

The morning session came to a close with the singing of the Doxology and the benediction by the Grand Chaplain.

The afternoon session began at 2:30 J. B. Catus, Grand Master, presiding. Devotional exercises were conducted by the Grand Chaplain.

Past Grand Master, W. W. Lawrence made a splendid address as a representative of the sub-committee of Management. He urged the lodges to send delegates to the B. M. C., which will meet in Atlantic City, N. J., September 1st. He presented to the Grand Lodge a handsome picture of the members of the B. M. C. Brother J. T. Sanders made the address accepting the gift.

The committees were appointed on Grand Master's address, on Insurance, on Grievances, on Endowment, after which the Grand Lodge began its routine business.

Brother W. W. Lawrence was endorsed for re-election as a member of the sub-committee of Management.

The welcoming exercises were held in St. Luke's A. M. E. Zion Church last night. Rev. W. L. Lee, D. D., acted as master of ceremonies. The choir of the church rendered most excellent music for the occasion. The devotional services were led by Dr. Lee, of St. Stephens Church. Dr. W. A. Clark offered prayer.

Racheal A. Howard was the first to extend a cordial welcome to the delegates. Following this address the Margurette Club gave a delightful selection of music.

William A. Greene made an address in behalf of the lodges of the city.

Hon. A. R. Middleton was introduced to respond to the foregoing address.

H. Willie read a paper of welcome in behalf of the juvenile department.

Dr. J. A. Bonner, of the Presbyterian church, made an eloquent welcoming address on the part of the ministry

Rev. S. P. Durham, of Gastonia, replied to these addresses in a fervent manner.

Blanche Leonard spoke of the Households of Ruth and the interest which the female department takes in the Grand Lodge.

Brother G. C. Caldwell gave fitting reply to the representative of Ruth.

Blanche Richardson addressed the audience in hebalf of the citizens of the city.

Dr. E. R. Bennett represented the business men. Lawyer J. S. Lanier followed with an able response.

The solo by Lucile Butler deserves special mention.

The meeting was a great credit to the local committee on arrangements as well as the craft at large.

Don't forget the special one half-hour sales at Rehder's broken lot sale 10 to 10:30 o'clock and 5 to 5:30 o'clock. **

BIG GAINS IN WEST

Wake County Man Finds Strong and Growing Sentiment for Bryan.

OTHER NEWS OF THE CAPITAL

Governor Glenn Made Address at Chautauqua in Virginia—No Falling Off in Insurance Taxes. Charters Issued.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 11.—Colonel F. B. Arendell, a prominent Wake Democrat, is just back from an extended tour of Western States in connection with his attendance on the Denver Democratic national convention, and predicts great Democratic gains in the West, and bright outlook for carrying enough of the Western States to assure Bryan's election in conjunction with the solid South. He says he found two "deep-running currents" throughout the sections of the West he visited. One a "Bryan progressive Democratic sentiment" and the other a "rough-riding, run 'em up Roosevelt spirit." He says he found Democrats everywhere confident of the election of Bryan.

A new cotton ginning plant with $25,000 capital authorized, is chartered for Bessimer City, the name of the new corporation being Bessimer Ginning Company, and the principal incorporators are Lee Payne, I. A. White, W. L. Armand and C. W. Fuller.

State Insurance Commissioner J. R. Young says there is a steady increase in the receipts in his department through insurance taxes in spite of the so called "panic conditions." The receipts for July aggregated $44,813, nearly twice as much as for any single month before the department was created.

The State Convention of County Commissioners from all the counties of the State scheduled for Morehead City, August 17 to 22, to which every member of the board of commissioners for each of the counties in the State is a delegate, bids fair to score quite a success both in attendance and in the value it will be to the State in the exchange of progressive ideas and application of advanced methods in county affairs. Mr. C. E. Foy, of Newbern, member of the Craven board, has taken the initiative in making possible the convention and in the preparation of the programme which will mix business and pleasure in a most attractive manner and can but prove delightful for the commissioners and highly profitable for the counties they represent.

Governor Glenn left last night for Purcellville, Va., where he delivered an address before a Chautauqua in session there today. He will go to Chicago before returning to Raleigh for the purpose of attending a session of the Nationad Democratic campaign committee, of which he is a member.

Members of the board of assessors to assess the damage to property in seven cases in dispute in connection with the right of way for the inland waterway, Beaufort to Albemarle Sound, were sworn in today at Beaufort and will begin work tomorrow, United States Marshal Claudius Dockery having gone to Beaufort for that purpose last night. All the other titles for rights of way have been perfected and as soon as these are disposed of the work of construction of this the first section of the great inland waterway scheme will be gotten under way.

A variety of diseases have made serious inroads in the infant Western Carolina industry of growing ginsing the exportation of the root of which to China yields big profits. State Horticulturalist W. N. Hutt is just back from the vicinity of Bryson City, Swain county, where the industry has assumed extensive proportions. He found the diseases to be what are known as "damping off" from attempting to grow the plants in places not properly drained.

In assuming the presidency of the North Carolina College of Agriculture and Mechanic Arts Dr. D. H. Hill declares that one of his special efforts will be to bring about the establishment of agricultural high schools throughout the State, one in each of the Congressional districts as provided for under the new State high school law. Also to bring about the teaching of the first principals of agriculture in all the public schools of the State. He wants to hasten the day when a young man would no more think of entering upon a life career of agriculture without special training than he would think of undertaking law, medicine or other professions without such training.

Funeral of Mr. John Nichlas.

The last sad rites over the remains of Mr. John Nichlas, a Greek, whose death occurred Monday night after a brief illness, were held from the home, 120 South Front street, yesterday afternoon at 5 o'clock, Rev. Thomas P. Noe, pastor of the Church of the Good Shepherd, officiating. At the conclusion of the services the remains were conveyed to Oakdale cemetery and interred.

AUDIT AND FINANCE BOARD

Will Make Appropriations for Another Well and Health Officer—Matter Discussed at Meeting Attended by Two.

Although there was not a quorum present and no official action could be taken, the Board of Audit and Finance as constituted with two members, in session at 5 o'clock yesterday afternoon, agreed to make appropriations for a deep well at the northwest corner of Front and Chesnut streets and for an extra health officer for the months of August and September.

There were only two members of the Board present, these being Messrs. C. W. Yates and Jesse Wilder. The other members of the board were out of the city. Mr. Richard L. Meares was present to record the proceedings of the meeting had a formal session materialized.

The matter of making an appropriation for a well at the point stated above was discussed by the two members present and they were of the opinion that the well was needed and the necessary amount for drilling it should be provided by the board.

Mayor Springer appeared before the body and set forth the needs of the sanitary department, stating that it was well-nigh impossible for three sanitary officers to keep the city in proper shape during the months of August and September and that a fourth man could be used to a great advantage. The two members of the board shared with the Mayor in his opinion that an extra health officer should be employed for the two months.

Both matters will be formally passed upon at the next meeting of the board, which will be held as soon as a quorum can be secured.

The matter of letting the contract for the well will be left with Alderman T. W. Wood, chairman of the Waterworks Committee.

It is hoped that the citizens will respond liberally. The following is an endorsement from some of the most prominent business men of the city:

NEWS OF THE WATER FRONT

Steamer Campton Up For Coal—Mats Pumping Out—The Turner.

The Russian barque Mats, which was libelled for salvage by Capt. Edgar D. Williams Monday, was yesterday being pumped out to prevent her cargo being further damaged by water in her hold.

The schooner Alice P. Turner, 166 tons, Capt. Bonsall, which was towed in here the latter part of June in a waterlogged condition while bound from Charleston to New York with cargo of lumber, yesterday came off the marine railway at Skinner's after completing repairs. The cargo of lumber which had to be discharged for the repairs will be taken back on board after which the schooner will proceed to her destination.

The steamer Campton, which with the Nellie B. Dey, is engaged in fishing for the Ocean Fisheries at Old Brunswick, came up yesterday for coal, the sea being too rough at present for successful work on the outside. It is said the Compton and Dey have made very successful hauls of very fine menhaden for the rendering works this season. The factory has been in operation for some weeks.

Goldsboro, N. C., Aug. 11.—A rally at the bat in the sixth and seventh innings today with a single and a two-bagger in each netted Goldsboro two runs, thus winning them the game by the score of 2 to 1. In the first, after Rath and Hoey went out in short order, Sharpe singled to centre and Kite next up, swatted one to left for two bases; but Sharpe cut second base in a mad effort to reach home and was out, thus throwing away a splendid chance to score. Hoey was out in the fifth for violating section 10 of rule 51.

It is almost certain that a protested game with Wilmington and one with Wilson will be thrown out by the directors of the league here tonight. If this is done Goldsboro will have a percentage of 652, Wilmington 615, Wilson 583 and Raleigh 185. Tomorrow's game with Wilmington closes the season here until the Giants meet the Tobacconists to battle for the pennant.

Wilson Takes Two Games.

Wilson, N. C., Aug. 11.—A double header shut out was the result of this afternoon's games between the Red Sox and the Tobacconists. Both games were very fast with but few errors. The first of the series was played in just one hour and 27 minutes, which proved to be almost errorless, without any special features. The visitors failed to connect with Mayberry, just 28 men faced him.

The second game was somewhat different from the first. Garner was in the box for the visitors and Bull Thompson for the Tobacconists. Garner tossed them up properly and the locals swatted him at will, and an even dozen promenaded and passed over the plate. "Bull" Thompson was in old time form and the Red Sox viewed the sphere as they went by 29 of them.

FOXY MARION BUTLER.

Marion Butler has the reputation—and we supose deservedly so—of being one of the shrewdest politicians and political wire pullers in this whole part of the country, especially so when he has any personal object to gain. He is considered to be thoroughly selfish and always looking out for himself. This characteristic of his is so notorious and so well known that when he makes a political move his friends and political associates for the nonce—he changes them about as often as he does his underclothing—begin to look about and inquire among themselves what personal advantage he is striving for. So when this man comes out in a letter to friends in his State advocating the nomination for Governor of the man he for a little while ran with in political harness and then when the opportune time came kicked out of the traces—deserted and betrayed—the people still pause in the reading of his letter and ask themselves: What selfish purpose has Marion Butler in view now? He must be up to some sinister trick and is trying to use Judge Pritchard as a cat's paw. We do not believe the Judge will allow himself to be hoodwinked by this unscrupulous politician the second time. But let's wait and see.

Marion Butler has the reputation of being a very astute politician, but hasn't he made a most foolish blunder this time? He admits that if Judge Pritchard should become the Republican candidate for Governor he would do so simply for the purpose of catching votes; that if elected he would not serve out his term; that he would simply be a snare to catch disaffected Democrats. We are sorry to admit that we believe there are in this State some men heretofore classed as Democrats who would prefer Judge Pritchard as Governor to the nominee of the Democratic convention, but they will not vote for him knowing that he is put up simply to catch their votes, and with the understanding that if elected he is not expected to fill out the term, but that some other man, elected as Lieutenant Governor, is expected to act in his stead; that he, if he accepts the nomination, is expected to be only a figurehead. Mr. Butler's letter has cost the Republican party many votes should Mr. Pritchard be the nominee for Governor. We are surprised that Butler should have given his party away in this manner, but it may be another of his ways of knifing Pritchard.

THE NORTHEAST RIVER BRIDGE.

The recent floods with the accompanying distruction of nearly every bridge over large water courses and the putting out of commission of the ferries in this section of the country demonstrate the necessity for the construction of the proposed iron bridge across the Northeast river, giving safe and permanent connection between the counties of Pender and New Hanover. In all this section nearly every wooden bridge was either washed away or rendered impassible. Only those which withstood the force of the flood were the railroad iron bridges and a few others of the same substantial material. For several days there was no means of intercouse between this county and the one to the north of us. The old ferry with its antiquated mode of communication was put out of commission. The farmers of Pender and Duplin were not able to reach this market with their produce. The Wilmington market was cut off from this source of supply. Many persons were inconvenienced and business between the people of the two counties was entirely cut off. It would have been very different had there been a first class iron bridge across Northeast river at or near Blossom's Ferry as is proposed. Such bridge would keep open the communication between the people on the two sides of the river, no matter how great the floods. When the proposed bridge is built communication between the two sections will be as certain and as free from interruption as it is now by railroad for trains over the iron railway bridge, and after it has been opened to public use the people will wonder why they had not insisted on its construction years ago, they will find it of such great convenience on all occasions and of absolute necessity at times of heavy flood and storm as that we have recently passed through.

Recent events have demonstrated the absolute necessity for the construction of an iron bridge over the river between the two counties. When will the people have it?

THE OLD TAR HEELS ALLRIGHT.

The Baltimore Sun says the Taft managers have hopes of leading North Carolina and Georgia into the Republican ranks on election day. A vain hope that is as to North Carolina and we suppose as vain as to Georgia. It is absurd for the Republicans to make any claim of carrying this State. The Old North State will be as solidly Democratic on Nov. 3rd, as she has been at any time in the past. When the polls close on next election day the ballot boxes will contain an immense majority for Bryan. There are some men in the State, we admit, calling themselves Democrats, who will not vote the Democratic National ticket—who will either vote for Taft or will not vote at all—but these will not form a drop in the bucket. The old true and tried Democrats will march on the polls in solid phalanx and plunk the full and straight Democratic ticket, feeling proud that they are again granted the privilege to vote for the great exponent of Democracy and champion of the rights of the people. The Republicans know they stand no showing among the old Tar Heel Democrats.

THE NEXT SPEAKERSHIP.

Angels and ministers of grace defend us. When are we to get through with politics and candidates for office? Here it is that all the counties in the State have not yet nominated their candidates for the Legislature before some editor jumps up and raises the question as to who shall be the Speaker of the next House of Representatives. For goodness' sake let that matter lie until after the election. There will be plenty of time to discuss it after it is known who are the Legislators. The people have got as much politics on their hands now as they care to, or are able to handle. Don't try to force them to jump that ditch until they get to it. When the Legislature meets let is elect the best man for Speaker without bothering the people with a contest in the meantime with which they have no concern. They elect the Legislators and let the latter elect their Speaker. They are competent to do this without advice if they are competent to act as Legislators.

An exchange, commenting on the announcement that the Western Railroad Association had refused to grant reduced rates to Lincoln at the time of the Bryan notification, as they did for that of Taft at Cincinnati, says "thus have the big corporations already begun to try to influence the result of the election." If such action has any political tendency at all, it will be to increase the Democratic strength among "the people."

If Governor Glenn could be induced to come to Wilmington we think we could get up a crowd to play base ball with him. We will give him the pick for his nine and let him play any position he chooses. We would like for him to pay our city one more visit before his term expires. We like to feel that our Governor realizes that Wilmington is a part of the State, and if he would come down and play a game of ball with us we would feel certain that he realized that fact.

The Charlotte Chronicle takes issue with Ray Stanard Baker on his statement in his article in the August number of the American Magazine that the University of Georgia is the oldest State College in America. It says the oldest State College in America is the University of Pennsylvania and the University of North Carolina is second oldest. It strikes us the question depends on how one defines a "State College."

The contest in the Eighth District is going to be a hot one. The Republicans are going to make a desperate effort to carry it. They are going to put up a stiff fight in the Tenth also. The Democrats in these two districts have not got a walk-over. They can carry both, but they must do some hard work and not trust to getting out the full Democratic vote without it.

UNCLE JOE CANNON.

Reminiscences of the Speaker's Visit to Guilford College.

(Red Buck in Charlotte Observer.)

It will be recalled by the readers of The Observer that Uncle Joe Cannon, the gay old bird of the Wabash, came to Guilford College a year or more ago and made one or more speeches to the Quakers. That was Mr. Cannon's first visit to his old home since he left it nearly 70 years before. Everybody was glad to see Uncle Joe but no one got on his knees to him. North Carolinians are too proud and too independent to bow to any human on this green earth. The glad hand, however, was there and Uncle Joe took it. Last week I went back to Guilford.

"What did the good people of this community think of Uncle Joe, the merry old chap from Illinois?" I asked a well-informed, easy-going gentleman.

"Well, the Quakers were mighty glad to see the distinguished Speaker of the House of Congress but some of them have not forgiven him for pulling a cigar at the banquet."

I recalled the incident. The banquet of the literary societies, participated in by men and women, was over and the toasts on. Uncle Joe fetched out a long cigar, stuck it in the right corner of his mouth at a forty-five degree angle with his lower jaw, lit it and pulled down. That at Guilford was going it a little too far. Whiskey, tobacco and other vile things are rare there.

"Did Uncle Joe swear any while he was in your midst?" I asked.

"He was heard to once, I believe," said my informant.

"That's interesting. In what connection?"

"President Hobbs and others were trying to get him to go to Guilford Battle Ground."

"What did he say?"

"Where is the damn thing?"

"That was all?"

"That was enough."

CURRENT COMMENT.

—It is noticed that in the selection of his board of press advisers, Colonel Watterson ignored the State of New York. This is rather a singular omission. If it was intentional, it was a slap in the face of the mighty press of the Empire State.—Charlotte Chronicle.

—New York Sun thinks Cortelyou could carry New York State, but Cortelyou will not run for the Governorship. The only other man who can save the State for the Republicans, says the Sun, is Hughes. It must strike the machine bosses that this is true. They have no candidate. Even if Hughes were not quite as strong as he really is, he is the sole availability. —Mobilet Register.

—North Carolina is a good State about a great many things. This is suggested to our mind by an article in the Charlotte Observer calling attention to an act of the last Legislature which provides for a course of treatment for persons threatened with hydrophobia. The law was passed with the purpose in view of giving to poor people who have not the means to pay for it the preventive treatment. Every person in North Carolina who is bitten by a dog supposed to have the rabies has the treatment for the prevention of the disease within easy reach. North Carolina does many good things that this State would do well to copy after. —Greenville (S. C.) News.

—The Anti-Bryan Democratic papers, the independent anti-Bryan papers, and the recalcitrants who have accepted the inevitable and given him their support, are not fair to the Nebraskan. They are not consistent with themselves. After the Parker fiasco in 1904 there were but few voices to say that Bryan was responsible for the acute Democratic woe indicated in the popular vote. Nor are those of us always opposed to him, just to party traditions when it is alleged that one man could achieve such power of destruction in its councils. A party with the name of Democrat is supposed to be really democratic, devoted to the government of ideas rather than of men and embodying the common sense of most, and not the undue influence of towering personalities.—Durham Sun.

—The Governor of North Carolina—the famous one, who lives in tradition as the author of the suggestive remark to the Governor of South Carolina—would at present, in his own State or in the neighboring one, find the interval "between drinks," and even between the opportunities for safe drinking, intolerably long. The actual Governor, Mr. Glenn, is the leader of the Prohibition movement, and would not be tempted to maintain that any hiatus could be unduly prolonged. He hopes to have the 5 per cent. of counties remaining "wet" made entirely "dry" before the close of the year. Nor would the change to be noted by the old-style Governor be confined to the Southern States or to the effect of laws and regulations. It is general in all parts of the country, and the tendency toward the abandonment of the old-fashioned drinking habit is even more considerable though less striking in the voluntary customs of men than in the political treatment of the matter.—New York Times.

—While amity and fraternity mark the celebration at Quebec and all past racial and religious animosities seem to be forgotten, it must be that the more thoughtful spectators and participants find time for reflection on the outcome of the rivalry between England and France. And where there is the spirit of meditation on the philosophy of the turn which destiny took, it is well to bear in mind that Parkman, the historian explained France's defeat by the fact that the French colonist was pursued across the Atlantic by "a paternal despotism better in intention and more withering in effect than that which she has left behind," whereas, "English colonization obeyed a natural law and sailed with wind and tide." It is a lesson that subsequent founders of colonies have either taken to heart or missed, with favorable or unfavorable results.—Boston Herald.

—There is a big wood pulp plant near Asheville, which, while it is destroying the forests for miles around, is giving employment to some of the mountain people—leaving a mite of its earning there in the shape of wages. Congressman Crawford represents that district, and his friends are now trying to prove that he did not line up in Congress with those in favor of placing wood pulp on the free list. If they prove that, would it put the Congressman in a better light? Would it not place him in antagonism with the interests of all the newspapers in the country? It appears to be understood that on banking and currency, he has taken a stand in direct opposition to the views of the bankers of the country—that he is, in fact, somewhat of a greenbacker of old. Then, in the eighth district, Congressman Hackett is likely to have some trouble on account of his opposition to the Appalachian Park. Verily the path of the Congressional candidate is not strewn with roses.—Charlotte Chronicle.

Mary and Matrimony.

By Cecilia A. Loizeaux.

Copyrighted, 1907, by C. H. Sutcliffe.

"I KNOW just how you feel, Dick, but I don't see how it can be helped. When I became engaged to you we agreed that it would have to be a long engagement."

"It's been three years now, Mary, and I call that a long time. And you seem to have no idea of ending the wait at all. You—you aren't forgetting to care, are you, Mary?"

Mary's lip trembled as she looked at him.

"I care as much—more—than ever," she said. "You don't understand. You see, I have been papa's housekeeper since I was fifteen, and I simply can't leave him alone."

"He is perfectly willing, Mary. Sometimes I think he is anxious for you to marry. He doesn't want to feel as if he were in the way of your happiness."

"That's just it!" cried Mary. "Dear old dad! He'd sacrifice his own interests for me any day. I won't have it."

"Mary, how old is your father?"

"Fifty."

"And healthy?"

"Perfectly. We're all proud of our health."

"He's likely to live out his threescore and ten then."

"I hope so, and if you mean that you wish he would die, Dick Lane"—

"Easy, Mary; easy. Personally I'm very fond of your father. That's one reason why I am so anxious to get into his immediate family. But, let's see, unless some unforeseen accident occurs I shall be obliged to wait for you at least twenty-five years." He held up a warning hand as Mary started to speak. "Don't you see that we're no nearer the goal than we were three years ago? Don't wait to find a solution of the problem, dear. Marry me now and we'll solve it together."

Mary rose impatiently.

"What's the use of talking that way? You know I can't. I've thought and thought, but there doesn't seem to be any other way out. Father flatly refuses to live with us—says it's better not—and I can't leave him. That's why I sent for you. I've made up my mind that it isn't fair to keep you waiting, so I am going to break our engagement." She looked at him bravely, though her eyes swam with tears and her chin quivered.

Dick stared a moment and then began to laugh, which, under the circumstances, was the worst thing he could have done. Mary's eyes began to blaze, and the tears disappeared.

"It's a joke, is it?" she blazed. "Well, it's time it was broken. Here is your ring. I'm sorry for your wasted time, and, since you are so anxious to be married, I hope you will find some one who will have you right away."

She slipped from the room, and not until he heard the door of her room slam did Dick recover from his amazement. Then he laughed again and, putting the ring in his pocket, left the house.

"Poor little Mary!" he mused. "Well, I see that I'll have to get her father to help."

Mary, watching him stride up the street whistling "Mary, Mary, Long Before the Fashions Came," sank into her big chair and wept.

"He wanted it broken! He wanted it broken!" she wailed.

Once admitted to the inner office Dick took the leather chair which Mary's father indicated with his foot, accepted a cigar and lit it.

"Is this a business call or just a visit?"

"Both. I've been up to see Mary."

"Strange. Anything doing? Will Mary marry?"

"She says she won't. In fact, she has just given me back my ring. I say she must, and I want you to help me."

"Of course I can't force my daughter to marry you if she does not want to," grinned Mr. Arnold.

"Yes, you can—if you go about it right. You see"— And he briefly outlined his talk with Mary. Mr. Arnold smoked fiercely while the young man talked, and then they went over a detailed plan together.

When the young man finally left, the elder shook his hand heartily.

"I'll do my best, Dick. Mary's a good daughter, but she'll make just as good a wife, and I'll divide."

That evening Mary came to the dinner table red eyed and white faced. Little by little her father drew the story from her. When she had finished he said: "I'm glad of it, Mary. I never would have asked you to give him up, but I am thankful that you can see for yourself." He did not say what she could see. "And now that it's all over I don't mind telling you that there are as good fish in the sea as have been caught so far. Now, Dick—well, he's so slow! And then—But that's over now, so cheer up, daughter, and fall in love with some one else."

"Oh, I can't ever do that!" wept Mary. "I shall take care of you all my life."

"Tut! Tut! Just put your mind to it and you can do it. I am anxious to see you marry and be happily settled, Mary. Of course I didn't say so, because I could see that you didn't really care for Dick. If you had cared you'd have married him two years ago. But now that he's gone"—

Mary gasped and stooped for her napkin, sitting up again with a red face. Not care for Dick! Perhaps Dick thought that too.

"And, aside from that," went on her father, "I have been engaged to Mariap Howard for a year, and I know how you will feel about keeping me waiting too long. Of course I should not think of marrying again while you are with me."

Mary thought she must faint. The room went round and round, and then she heard a voice, which must have been her own, stiffly congratulating her father, heard him say something the words of which she could not distinguish, and then she was up in her own room.

"Oh," she moaned, "what shall I do? No one wants me. Papa is going to marry again, and even he thinks I do not care for Dick. I must have acted terribly for papa to think that. And why didn't he tell me that he wanted to marry? I'd have been glad of it, for then I could have married Dick and would not have needed to worry about papa at all. Oh, it is cruel! And now it is too late. No wonder Dick stopped caring if I acted like that—like they seem to think I have." She sobbed miserably.

"I like Marian Howard. I have always wished I could have her with me. I'd like to live with them, but they don't want me either. Papa has said time and again that such combinations are always unhappy, and so I must go away somewhere."

She sobbed herself to sleep that night after hours of wretched reflection and almost desperate thinking. She did not go down to breakfast, but when she heard her father leave the house she went downtown and drew all of the money which she had in the bank. Then she bought a ticket for New York.

At noon her father, seeing how wretched she looked at dinner, felt like a brute and came very near to spoiling the whole thing. But she slipped away too quickly to give him time to commit himself, and when he was sure she was in her room he called Dick cautiously up over the phone.

"I guess you'd better come over. I've made a beastly mess of the thing," he said. Then he called up to Mary that he had to go back to the office and told her not to sit up for him and cleared out, feeling like a coward.

This was the chance for which Mary was waiting. Hurriedly she finished packing her suit case, wrote an agonized note to her father, and, after dressing herself in the long coat and dark veil which fleeing heroines always wore in the plays she had seen, she let herself quietly out at the front door and reached the car. A young man jumped off the outgoing car, looked at her sharply and then swung up the steps of the ingoing car after her, but she did not notice.

"Was this what her father had meant in his telephone message?" thought the young man. Well, he had made a mess of it.

It was raining by this time—a dreary little drizzle—and when Mary alighted at the union station she would have fallen on the slippery steps had not some one seized the suit case and caught her arm firmly. When she had regained her balance the man did not let go, but slid his grasp down to the cold, wet hand.

"Let me go! What do you mean?" she gasped, and then she knew. She began to cry.

"Mary, Mary, so contrary, come on home again," said Dick gently. "We didn't mean to go so far as this, dear, in our little plot."

"We—our plot! What do you mean? Did you and father fix all this up for a trick? And—and"— To Dick's great surprise and relief she began to laugh. He had expected tears, anger, even rage. And then he began to feel foolish.

"I guess I got just what I deserve. I was blind as a bat," she said. "When do you want me to marry you, Dick, if you can forgive me enough to want me at all? Dick, you didn't think that I had really stopped caring, did you?"

Mary's father was in the drawing room when they got home and came out into the hall to meet them. "We've been out walking," said Dick blandly.

"Yes, I see," said Mr. Arnold, ignoring the suit case and Mary's unusual apparel. "Fine night, isn't it?"

MORE MOUNTED OFFICERS

Two Fine Steeds Purchased Yesterday to Cover Suburbs.

In accordance with the action of the City Aldermen at the June meeting when it was ordered that two more mounted officers be added to the force, two handsome steeds were purchased yesterday and placed in service last night for the first time. The animals cost the city $330 and were bought from the sales stables of Mr. Nathan Schloss.

Up to the present time the entire Southern part of the city and Brooklyn has been covered by the mounted police and it was deemed necessary that like officers should be placed in the Eastern suburbs. The entire suburban territory of the city will in the future be patroled. The officers for the new beats have only been temporarily chosen.

FIRE EXTINGUISHER TEST

Practical Demonstration Yesterday Afternoon in Front of City Hall.

Mr. J. F. Newbegin, of the Phoenix Fire Appliance Company, of New York, gave a practical and very interesting demonstration of a new fire extinguisher yesterday afternoon at 6 o'clock in front of the City Hall, a large number of spectators having been present, including Chairman French, of the Fire Committee, and Chief Charles Schnibben. The demonstration was pronounced in every way a great success, a flaming box, filled with kindling and saturated with oil, having been extinguished in less time than it take to tell the story.

Tomorrow night at 9 o'clock on the beach Mr. Newbegin will give a demonstration for the benefit of the large number of hotel men now there attending the annual meeting of their State Association.

A PRELIMINARY TEST.

Capt. Baldwin's Machine Getting in Trim for Official Fly.

Washington, Aug. 11.—The official speed of Captain Baldwin's dirigible balloon was again postponed today but a preliminary speed test was made with Mr. Curtis and Captain Baldwin aboard. Captain Baldwin again took a westerly course in order to become familiar with the official course lying in the direction of Falls church. It is estimated an average speed of 18.7 miles was maintained.

There was a large number of spectators including Secretary of War Luke E. Wright and General James Allen, chief signal officer present.

Secretary Wright expressed his pleasure at the showing made in today's flight but said: "While these airships will be invaluable in time of war for scouting purposes, they will never revolutionize warfare."

CHILDREN'S SOUVENIR DANCE.

Delightful Event at Lumina Yesterday Afternoon.

The children's dances at Lumina were started yesterday afternoon under the most favorable auspices and immediately passed the experimntal stage. There were over 250 children participating in the event and the occasion was hugely enjoyed. Teddy Bears were given as souvenirs. The babies present were also remembered when the time came for giving out the souvenirs.

After the regular programme had been carried out Miss Bessie Kinoly volunteered to march the little ones and under her excellent guidance the children marched like they had been thoroughly trained. It was a grand climax to a delightful evening of pleasure.

Car Load of Mullets.

Mr. W. B. Cooper, the well known wholesale grocer, on yesterday received the second solid car load of Florida mullets this season. The mullets are shipped here by refrigerator car and "opened" by the regular dealers at the market after which they are packed for the trade at the extensive packing plant of Mr. Cooper near his store and warehouses. The mullet catch along this coast will begin early next month. Those from Florida are remarkably fine and there is a strong demand for them.

Senator Lee S. Overman, of Salisbury, arrived in the city last night and is the guest at The Orton. He will spend today at Wrightsville. Tomorrow he will deliver the address at Moore's creek. The Senator was pretty well worn out when he arrived, having made several speeches during the day.

AN INFURIATED COW.

Held Police and Citizens at Bay Two Hours Last Night.

The police had a most extraordinary situation with which to deal late last night. For two hours and a little more, until she was finally shot down, an infuriated cow, brought in with a drove of others by a cattleman from Onslow county during the afternoon, held the police at bay, suspended traffic along the thoroughfares over which she wandered and created no end of alarm among a hundred or more pedestrians who gathered to watch the officers in their effort to get the infuriated animal within some enclosure.

About 11 o'clock a message came to Sergeant Woolard at the police station from a gentleman who stated that while passing Sixth and Grace streets a mad cow made at them and they were saved only by a fall that the animal sustained in pitching at them on the sidewalks. Acting Captain C. S. Burnett immediately dispatched Mounted Officers W. G. Brinkley and D. W. Coleman to impound the cow, but upon their arrival the animal, equipped with a long pair of horns, fought viciously and the officers could not approach for fear of having their horses gored. Officer Coleman came to the police station for re-inforcements and Acting Sergeant M. C. Gray and Officer J. H. Dew returned to the scene on foot, equipped with clubs, lines, etc. The officers on foot were soon sent literally "up a tree," Sergeant Gray shinning up an elm just as the animal struck the trunk of the tree just under him. In the meantime several pedestrians, who had refused to hearken to warnings of the police were knocked over fences and through gates by the heifer. After much long-distance coaxing and worrying the animal was finally gotten to the City Hall where the entire hall force joined in the party. Mr. Earle Dickinson was picked up and tossed over the fence at southwest corner of Third and Chesnut streets. Officer Brinkley, in an effort to lasso the cow at Alexander's stables, was forced to take refuge behind the tree there, the stable doors having swung to long before. The crowd swelled and finally after the infuriated animal, head low on the ground and hoofs tossing the earth into the air, had twice been driven past the city pound and to the Colonial Inn corner, Officer Burnett was forced to shoot the animal in the street, at 1 o'clock this morning, two charges of buckshot having been sent into her forehead from one of the riot guns kept at the station.

The owner of the cow, who had been awakened by the excitement, came up just after the cow had been killed and was well satisfied with that disposition of a very ugly situation. The cow had broken loose from the herd some distance from town and had later followed them in, giving the police the swiftest two hours of duty they have experienced in a long time. The animal was butchered on the spot by the owner.

REMARKABLE MEETING OF MEN

Over $13,000.00 for Foreign Missions. Northeast Conference.

(Special Star Correspondence.)

Montreat, N. C., Aug. 11.—An epoch-making conference of representative laymen of the Southern Presbyterian Church was held at Montreat, N. C., August 7th, 9th, 1908. The meeting of the men was the closing section of a ten days' Missionary Conference and marked the high tide of interest. The speakers included well known business men, and missionaries from seven countries in four continents of the world. At the invitation of the Chairman of the Presbyterian Laymen's Movement official representatives of similar organizations of the Methodist Episcopal Church South, the Southern Baptist and Associate Reformed Presbyterian Churches met for conference regarding plans for interdenominational co-operation on all possible lines including publication, literature and the holding State Interdenominational Conventions. Arrangements were made for a Georgia Convention to be held in Atlanta November 27-30, 1908. The interest already being taken in this convention insures a large attendance and a meeting with results that will be world-wide in the promotion of Christianity. No such men's movement having for its object the speedy evangelization of the world has ever before been organized. The officials and members of these organizations represent the best business talent and experience of the Southern States.

The climax of the Conference was reached at the closing session Sunday night. After tirring addresses by Rev. D. Clay Lilly, of the Executive Committee of the Executive of Foreign Missions, and Mr. J. Campbell White, Secretary of the General Committee of the Laymen's Missionary Movement, it was announced that twenty newly appointed missionaries could not be sent to their fields until the money for their outgoing expenses was provided. This announcement was immediately followed by voluntary pledges to provide the expenses of individual missionaries and in a short time $10,000,00 was subscribed and later subscriptions increased this amount to over $13,000.00. The enthusiasm of the large audience was expressed in the repeated singing of "Praise God From Whom All Blessings Flow." The influence of this remarkable conference of men will extend to all lands where there are missions of the Southern Presbyterian Church, which include Mexico, Cuba, Brazil, China, Japan, Korea and Africa.

Claim and Delivery Proceedings.

Claim and delivery papers were issued from the office of Sheriff Cowan yesterday and served by Officer A. T. Piver on the Brunswick Wood and Coal Company for the recovery of 70 pine pilings, the plaintiffs in the action being Messrs. W. H. Chadbourn and J. D. Clark. It is alleged that the pilings were shipped to the plaintiffs and the property later sold to the lumber company by parties unknown to the affiant.

LIVES LOST IN BIG FIRE

Three Persons Burned to Death—Others Badly Injured—Fire Caused by Escape of Natural Gas—Victims Suffocated.

(By Wire to the Morning Star)

Wheeling, W. Va., Aug. 11.—Escaping gas in the building on South Eoff street, occupied by Mrs. J. S. Gavin, as a millinery store and residence caused a fire early today which resulted in the death of three persons and the possible fatal injury of one other, while six more were compelled to jump from the third-story windows to escape the flames.

The dead are Clara Gavin, 27 years old; Maine Gavin, 24 years, and Margaret Gavin, 21 years. The injured person is Mrs. J. S. Gavin, burned and back injured.

The dead girls were daughters of Mrs. Gavin and were suffocated as they slept on the third floor. Two servant girls and four sons of Mrs. Gavin jumped from the third story windows and escaped with minor injuries.

The two upper floors of the building were ablaze when the fire was discovered and all means of escape for those asleep were cut off before they were awakened.

The building was a three story brick structure, the first floor being used as a dry goods store, and the second and third floors being occupied as a dwelling house by Mrs. Gavin, who is a widow, her sons, who conduct the store, her three daughters and the servants. It is supposed that on the second floor there was an escape of gas from an unnoticed leak and that this gas suffocated the three daughters before the explosion followed which set the building on fire. About 3:30 o'clock neighbors discovered that the Gavin building was on fire. An alarm was sent in, but when the department arrived the roof was falling in and was carrying with it everything to the first floor. The mother jumped from a second story window and sustained internal injuries.

When the roof fell taking with it the third floor and its contents, it also carried to the first floor the bodies of the three young women. The department, aided by volunteers, made every effort possible to reach the bodies, but were driven back time after time, by the heat and the fierceness of the flames.

"Bobby in Wanderland."

"Bobby White in Wanderland," a pantominic phantasy, will be put on at the popular Bijou Vaudeville Theatre tonight. Bobby White, a social derelict, stranded on life's highway, settles himself for a snooze on a grassy Fand in the park. He is given a bottle of booze by an old acquaintance and succumbs to the effect. He imagines himself in Wonderland and meets with all kinds of surprises. Bobby experiences the time of his life and is the idol of everybody, but, alas, he awakes and remembers the bottle.

GOVERNMENT CHECKS STOLEN.

Pouch Valued at $2,000 Carelessly Left by Negro Messenger.

(By Wire to the Morning Star.)

Washington, Aug. 11.—A messenger's pouch countaining United States Government pay checks for nearly $2,000 was stolen early last week in front of the building occupied by the Department of Commerce and Labor, according to Chief Wilkie, of the secret service. The pouch was found with the pay checks gone while the other mail it contained was intact, between this city and Alexandria, Va. The identity of the robber is not known. The first intimation that Chief Wilkie received of the theft was on last Saturday when one of the checks for $73.33, payable to R. F. Troxler, of the public health and marine hospital service, came through the Biggs National Bank of this city to the Treasury Department after having been cashed by the Lowry National Bank, of Atlanta, Ga. Today a check payable to J. W. Kerr, for $265.83, of the same service was received through the American National bank here, which had been cashed by the Fourth National Bank of Montgomery, Ala.

The facts in the case are these: On Monday morning, August 3rd, a negro messenger of the public health and marine, or hospital service, went to the Treasury Department to get the mail and the pay checks for some of the officials of the public health and marine hospital service. After securing nine pay checks aggregating $1,742.47 and the usual amount of mail, the negro messenger enclosed them in his pounch and departed on his wheel for the marine hospital building. On the way he stopped at the Department of Commerce and Labor, leaving his wheel and valuable pouch outside. On his return a few minutes later he found his wheel and its valuable burden gone. Next day the pouch was found about half way between Washington and Alexandria, Va. The wheel, the pouch and the mail were found, but the pay checks had been abstracted.

EAGLES IN WASHINGTON

Three Thousand Delegates Present at Opening Session.

(By Wire to The Morning Star.)

Seattle, Washn., Aug. 11.—The Grand Aerie of the fraternal order of Eagles opened its annual session today with 3,000 delegates and members present. The exercises took place in the Mooretheatre. Worthy President F. P. Mullin, of Seattle, Aerie No. 1 presided.

Mayor John F. Miller made the address of welcome on behalf of the city and Governor A. E. Mead for the State of Washington. On behalf of the national, United States Senator Samuel Piles made an address and H. H. Thompson made the speech of welcome on behalf of the mother aerie, Seattle No. 1. Theodore Bell, grand worthy treasurer, spoke in behalf of the order.

Tonight there was a social session in the lodge rooms of the Seattle Aerie for Eagles only. The real business of the convention will begin tomorrow.

One of Hock's Practical Jokes.

Theodore Hook forged 4,000 letters to 4,000 tradesmen and others requesting them to call on a certain day and hour at the house of a wealthy widow, Mrs. Tottenham, in Berners street, London, against whom he had conceived a grudge.

These people began to arrive soon after daybreak. The rush continued until nearly midnight. They came in fifties and hundreds.

There were 100 chimney sweeps, 100 bakers, fifty doctors, fifty dentists, fifty accoucheurs. There were priests to administer extreme unction and Methodist ministers to offer last prayers. There were fifty confectioners with wedding cakes, fifty undertakers with coffins, fifty fishmongers with baskets of cod and lobsters. They pushed, quarreled and fought, and the police were called out to prevent a riot. Finally among the hoaxed ones came the governor of the Bank of England, the royal Duke of Gloucester and the lord mayor of London, each lured thither by some cunning pretext. A police investigation followed, but the perpetrator was not detected.

Why We Are All Mimics.

"If we did not cough in church, the human race would not exist." And the professor, twiddling a piece of chalk in his hand, regarded the sophomores with a quizzical smile.

"What I mean," he continued, "is that the cause of coughing is the cause of our survival. That cause is mimicry. Mimicry is a better life preserver than fleetness or strength. For by mimicry we manage not to attract attention, and in prehistoric times they who attracted attention were hunted down by the tribe and roasted for dinner or hunted down by the saber tooth tiger and taken raw.

"Since those dark days mimicry has been instinctive with us. Mimicry is what causes us to follow the fashions. It causes us, when in England, to say 'cawn't' and 'lawf.' If your friend yawns, you yawn—that's mimicry. If he laughs, you laugh—mimicry again. If he snuffles, you snuffle—mimicry. And if he coughs in church, straightway you and all the rest of the congregation cough, the reason being the same one which saved our forefathers from extermination."—New York Press.

Thinks It Saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at R. R. Favorable action on the appointment of a committee to investigate, report and remedy, if possible the ravages of tuberculosis in so far as it vitally affected the members of the organization and the defeat of the proposition for a convention every five years instead of annually, was the feature yesterday of the meeting of the International Typographical Union in Boston.

It is reported at Rochester, N. Y., that the steamer Kingston collided with the steamer Titania, about that runs between Charlotte and Sea Breeze summer resorts, at 10:30 o'clock last night and that the Titania sank in two minutes. The accident occurred at the entrance to Charlotte Harbor. Whether there was loss of life is not yet known.

Ambassador Reid gave a stag dinner at Dorchester House last night in London in honor of the members of the American Monetary Commission. A number of well known financiers were invited to meet the Americans. All the commissioners, Senators Aldrich, of Rhode Island, Hale, of Maine, and Daniel, of Virginia, Representatives Vreeland, of New York; Overstreet, of Indiana and Padgett, of Tennessee, and Professor A. T. Andrews were present.

Who Gets Your Vote?

"Do you see that man there?" remarked a barber to a customer in his chair. "Well, he has had one and the same job for the past forty-seven years and has been married all that time, and his wife has never at any time during that period known what salary her husband was getting. The wife gets so much a week and no more and has never been able to learn what amount of money her husband has been receiving in exchange for his labor. Now, what bothers me is which should have the diamond medal—I say diamond, as in this case the finest would seem to be needed—the man for being able to so long baffle a woman's curiosity or the woman for surviving so long an unsatisfied curiosity."—Columbus Dispatch.

SPIRITS TURPENTINE

—Charlotte Observer: "Not in many years has fortune so favored as this year the people of North Carolina in the production of crops of corn and all kinds of fruit," said a man who has seen most of it. "From the mountains to the sea, each variety in its particular section, there has been an almost unprecedentedly large crop.

—Newbern Journal: Newbern perhaps has the distinction of having a larger idle population than any other city of the same size in the state. Hundreds of young men and women live and have being here, but they toil not neither do they spin. Most of these are colored people, it's true, and it's rather discouraging to think they will make a large part of Newbern's future citizenship. Think of it, citizens who do not know how to work and who do not care to work.

—Greensboro Record: The demand of the Comptroller of the Currency on the stockholders of the defunct City National Bank for 80 per cent of the amount of their stock, does not taste well, and in the language of the street, there is likely something to be doing soon. Stockholders are liable for double the amount of their stock. It is said, how true we do not know, that a large number of these shareholders cannot pay this 80 per cent. because they haven't the money and have no property out of which it can be made, in which case it looks like those who are financially able to do so will have to make up the deficiency.

—Yorkville, (S. C.,) Enquirer: The eastbound Southern train No. 36, was held up near Marion last Tuesday afternoon as a result of its track being covered with earth. The circumstance was caused by a heavy blast on the South and Western. The two roads parallel each other at the point referred to, the South and Western being higher up on the mountain. A most tremendous blast on the South and Western knocked down sufficient earth to cover the Southern for a distance of more than one hundred yards. The Southern train, due, therefore, to reach Yorksville at 9 o'clock, did not come in until 11:20.

—Chester, S. C., Aug. 9.—Frank Edgard, or Ague, by each of which names he is known, was arrested here Thursday afternoon by Sheriff Peden at the request of the Augusta, Ga., authorities and kept under surveilance here until Friday evening, when a deputy arrived and took Ague or Edgar back to Augusta to face a charge of larceny that has been preferred against him. The accused, who with Jordan, umpired the closing series of baseball here, is charged with having stolen a suit of clothes from "Red" McMahan, one of the Augusta players. He denies the allegation, and claims that when he gets to Augusta he will have no trouble in establishing his innocence.

—Newbern Journal: Yesterday morning a somewhat strange sight attracted the attention of people around the county jail. A common bed blanket was hanging out the second story window in a manner that was altogether suspicious for when bed clothing is hung out of the window of a jail to be aired it is not tied to the bars unless there is a sinister motive Further examination showed that there was a hole in the wall which had recently been made. It did not look as if a man could get through such a small aperture but the fact that there was one less prisoner showed that the blanket and the hole combined with the absence which to be summed up in a nutshell meant that there had been a jail delivery.

—Rocky Mount, Aug. 9.—Two white men arrested here Friday night for breaking into an Atlantic Coast Line car were carried back to Pinner's Point Saturday by Special Detective H. C. McBride. The car was entered just as an outgoing freight was leaving for this city. A wire to the authorities here put them on their guard and the men were arrested while riding in the car on which the seal had been broken and for the breaking of which they were wanted. They will be tried at Pinner's Point Monday.

—Salisbury Post: Congressman Richard N. Hackett came to Salisbury yesterday at noon and met with the congressional committee. Mr. Hackett is in fine spirits and the news he is receiving from all parts of the district convinces him that he will defeat his Republican opponent, Charles H. Cowles as easily as he did E. Spencer Blackburn in 1906.

—Charlotte Observer: J. H. McBeth, the colored druggist who engaged in a furious fight Saturday night with Henry Johnson, a porter at the Southern station, spent all of yesterday and much of the night preceding a prisoner in the city lockup without bail. Meantime the victim of his assault lay at his home at 601 East First street in a precarious condition, death being regarded as a not improbable outcome. Matters took a much more serious turn for both parties concerned, after the affair had been disposed of first. Warrants charging an affray had been issued against both and the matter was supposed to be ended for the time being. Later in the night, however, Johnson was seized with convulsions and was discovered to be very seriously hurt. The physician who ministered to him found that the base of his skull was fractured in two places. As soon as this discovery was made McBeth was re-arrested and held without bail. His friends were active in his behalf yesterday, but nothing could be done until a turn for better or worse was taken. He was out awhile on bond, but was taken up again.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Aug. 11.—There was a severe break in the cotton market today under continued liquidation and aggressive bear pressure. Big bulls supported prices actively at times, but seemed unable to completely check the downward movement and the market closed barely steady at a net decline of 9 to 18 points with active months at the lowest level of the day. Sales were estimated at 300,000 bales.

The market opened barely steady at a decline of 4 to 6 points in response to lower cables and good weather. After selling about 6 points net lower on active positions October touching 9.27 there was a rally to 9.40 for that position on bull support and covering. The fact that the bull leaders were supporting August around 9.95 seemed an argument against the report that they had abandoned the situation but bears acted very confidently, offerings increasing on the rally and the market reached the lowest level of the day in the late session when business was very active with October selling around 9.24 and January 8.97. At times large blocks were traded in, with the bull brokers apparently willing to buy everything offered while the bears acted equally willing to sell. Southern selling was in evidence again but hardly to the extent noted yesterday and usually well informed people claim that there is yet little hedge selling against prospective crops. Southern spot markets officially reported unchanged to 1-8c lower. The Wall Street bull clique is estimated to have purchased fully 50,000 bales for October delivery in their effort to check the decline.

Receipts at the ports today were 5,663 bales against 4,105 last week and 1,942 last year; for the week 25,000 bales, against 21,983 last week and 8,771 last year. Today's receipts at New Orleans were 39 bales against 76 last year, and at Huston 4,194 bales, against 1,059 last year.

Spot closed quiet, 10 points lower. middling uplands 10.55; middling gulf 10.80; no sales. Futures opened and closed barely steady.

New oYrk, Aug. 11.—The dry goods trade is awaiting the result of tomorrow's auction sales of cotton goods, which continue for two days. Silk piece goods in staples are quiet. The export tradde is dull. Dress goods for spring are being ordered slowly at the new prices made this week.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Aug. 11.—The stock market today had a more distinct reaction than has occurred for many days. The selling which carried prices downwards was as concentrated as much of the buying which has preceded it and which caused the supposition of the largely professional character of the recent market. Sales of a single stock by one house of as much as 25,000 shares were reported. Selling of this kind looked as though the heavy operators recently leaders of the advance were the ones that were taking their profits. Notwithstanding the sentimental influence of this seeming fact, the absorptive powers of the market was good and the downward movement gave every indication of being in good control. Buying and bidding up of separate stocks was employed to sustain the list and to act as a drag on the decline.

London joined in the selling, the amount sold on balance by the arbitrage brokers comprising a material influence on the movement of the day. Money markets offered no new features except for a recession in the discount rate at Berlin in response to the stronger position of the Imperial Bank. Crop advices were mixed but in the main were favorable. Speculative liquidation was pushed up to the close of the day's session and closing prices at the lowest of the day.

Bonds were irregular. Total sales, par value, were $4,162,000. United States bonds were unchanged on call. Total sales of stocks today were 886,600 shares.

PATROLMAN KILLED; LYNCHING FEARED

Armed White Men Throng the Streets of Portsmouth and Militia is Called Out

NEGROES FLEE FROM CITY

Negro Murderer is Surrounded and Authorities Believe They Have Situation Under Control—Assailant Hunted.

(By Wire to the Morning Star.)

Norfolk, Va., Aug. 11.—Aroused tonight to a pitch of frenzy by the killing of Patrolman W. S. Winninger, by a negro named Strong, Portsmouth tonight is thronged with armed white men and should his slayer, or the assailant of aged Mrs. Katherine Powell, be arrested a lynching is probable.

At 8 o'clock tonight the Portsmouth Military Company was called out at the request of Mayor Reed and are now assisting the police in restoring order.

Strong, the slayer of the policeman has been located in a square and it is surrounded by police and citizens. It is a race between these to see which will secure the prisoner. Should the latter get hold of Strong nothing can prevent lynching. It is reported that a negro woman, who was impudent to the mob has been killed but no details are yet available.

A strong guard has been thrown around the jail and every effort will be made to get Strong behind its walls before the mob gets to him. There is talk, should this be done, of the mob storming the jail.

Strong succeeded in making his escape from the city and is now said to be in hiding in a swamp just beyond the limits on the south. He is surrounded by the police, militia and several hundred armed citizens. The authorities are confident that with the assistance of the military company that they will be able to control the situation and prevent a lynching.

Hundreds of negroes frightened by the demonstrations in the streets tonight have fled from the city.

Order is being maintained.

Four negroes have been arrested by the Portsmouth police in connection with the murder of Patrolman Winningder. They will be held for identification. All four were endeavoring to leave the city secretly. Two were found trying to swim out from wharves. Patrolmen who are able to identify are yet to inspect these prisoners.

Tonight all three local infantry companies and officers of the 71st Virginia Regiment are quartered at the armory by order of Governor Swanson to be in readiness for a call for assistance from Portsmouth.

At midnight, following orders from Governor Swanson the two Portsmouth military companies began to assist the police in patrolling the streets and preventing the assembling of crowds. The effect was magical and within 30 minutes the "move on" order had caused the streets to be deserted. No further trouble is anticipated before morning.

Patrolman Winningder was detailed late this afternoon to arrest Strong on a warrant sworn out by his wife, charging assault. He found Strong on Glasgow street at about 6:10 o'clock and endeavored to place him under arrest. The negro resisted and in the scuffle he secured the officer's pistol and emptied all five chambers at him. The fatal shot severed the larger artery in the left side of his neck and he bled to death in two minutes. Strong took leg bail and eluded his pursuers.

ENDORSE HUGHES IN SERMON

Rev. Len Broughton, of Atlanta, Aroused Big New York Audience.

(By Wire to The Morning Star.)

New York, Aug. 11.—Declaring that if the South had its way, the Republican candidate for President would be Governor Hughes and that his nomination would have broken the "solid South," Rev. Len G. Broughton, D. D., of Atlanta, Ga., roused a big audience at the tent Evangel at 57th street and Boardway to such a pitch of enthusiasm tonight that he was applauded for seven minutes. The subject of his sermon was "the Christian as a Citizen." He said in part:

"The South is shaking off its shackle and we're going to have a hand in running the Government. You've run the Government ever since the war, and you've made a mess of it; we're to come in and clean up that mess, and if we'd had our way this time as we mean to have it later, the candidate for President on the Republican ticket would have been the present Governor of the State of New York." Wild demonstration followed the words as he had been announced during the day that religious endorsement of Governor Hughes would be a feature of the meeting. When he could again make himself heard, the speaker continued:

"If he had been nominated, he would have broken the solid South. He has demonstrated that he is not for party or personal aggrandizement but for Christian citizenship."

Early returns from yesterday's primaries held throughout the State of California, while meagre at 9 o'clock indicated that the Republican regular organization will have a majority in the State and Congressional conventions over the Lincoln-Roosevelt league.

CONSPIRED TO KILL MRS. ANNIE NOLAIN

Old Chicago Attorney and Associate Found Guilty and Sentenced Yesterday

EFFORT TO OBTAIN PROPERTY

Poison Was Administered in Small Doses—Brown is Fined $1,000 and Two Are Sent to the Penitentiary.

(By Wire to the Morning Star)

Chicago, Aug. 11.—Moses D. Brown, the oldest practicing attorney in Chicago; Austin F. Kelley, and Ruth E. McLaughlin, charged with conspiracy to murder Annie E. Nolain were found guilty by a jury in Judge Windes' ccurt today. Kelley and Miss McLaughlin were sentenced to indeterminate in the penitentiary while the aged lawyer who it was said, had been led by the others, escaped with a fine of $1,000.

Assistant State's Attorney Ritternhouse spared Kelley and Brown in his arraignment, declaring that the woman had furnished the brain and nerve in the attempt to poison Mrs. Nolain. Mrs. Nolai was old and ailing and secured Miss McLaughin as nurse. She would pay nothing for the nursing but deeded her property to her at the owner's death. Brown drew up the deed and Kelley became a lodger at the home of Mrs. Nolan. Then the conspiracy to hasten the change in ownership of the estate was formed and poison in small doses was administered to the patient. When the situation came under police observation and arrests were made Mrs. Nolain was still alive, but very ill. She is now in a sanitarium.

The prosecutor in addressing the jury declared that Miss McLaughlin had been known under several different names in as many States. She was the wife, he said, of a general passenger agent of the Baltimore and Ohio railroad, and named McLaughlin who has "dragged down, squeezed dry, and divorced."

THE WEBB-DUKE INDICTMENT

Indictment Against Former Wife of B. L. Duke for Passing Check.

(By Wire to The Morning Star.)

Chicago, Aug. 11.—Mrs. Alice L. Webb Duke, divorced wife of Brodie L. Duke, millionaire tobacco merchant, was tried today on a charge of having defrauded the Great Northern Hotel by means of an alleged worthless check. The case was given to the jury late this afternoon, Judge Kersten, of the criminal court instructing the jurors to bring in a sealed verdict tomorrow morning. The defendant was confident of acquittal when she left the court room. The defense asserted that Mrs. Webb signed the check which caused her trouble under a misapprehension. She had money in one bank, it was said ,but inadvertently signed a check on an institution from which her funds had been withdrawn. The witnesses for the Hotel Company admitted that the check had since been redeemed and the account settled.

Mrs. Helen M. Helpey, formerly companion of Mrs. Webb, testified that Mrs. Webb was suffering from pleurisy on the day she signed the check and was under the influence of stimulants and narcotics. This was followed by the testimony of Dr. James Park who said he had attended Mrs. Webb and treated her for pulmonary congestion.

(By Wire to the Morning Star.)

Roanoke, Va., Aug. 11.—The proposition recently submitted by the management of the Norfolk and Western Railway Company to its employes looking to a general reduction of wages all over the system has been turned down by an almost unanimous vote. The chairmen of the various labor organizations came here today and delivered their negative answers to the company. President Lucius E. DEMOCRATIC HOST ARE AT LINCOLN

Many Prophecies of Victory Brought to Bryan on Eve of His Nomination

EXERCISES AT STATE HOUSE

Thousands Will Hear the "Peerless" Discuss the Issues of Democratic Platform—Clans There From All States.

(By Wire to the Morning Star.)

Lincoln, Neb., Aug. 11.—Lincoln was the mecca for Democrats today. Thousands already have reached the city and many more are expected tomorrow. Workmen were busy most of the day and night decorating the business houses and the homes of the city in honor of the notification of Mr. Bryan. The larger stores have hundreds of flags draped along each story, while banners droop from the windows. The Elk's club house is draped in red, white and blue while pictures of Mr. Bryan are on display in the windows.

At the Lincoln Hotel, where the Democratic headquarters is, hundreds of yards of bunting have been used. Above the portico is suspended a mammoth picture of William J. Bryan, and in the lobby of the hotel is another. The city hall also is decorated with flags and bunting. Pictures of Mr. Bryan are conspicuously displayed from the windows.

At the State house, the platform on which the notification ceremonies will occur is completed. It is situated directly in front of the north door of the capitol, and has been made large enough to accommodate the candidates, the members of the notification committee, the local committee on arrangements and newspaper men.

Fairview, Lincoln, Neb., Aug. 11.—Bringing prophecies of Democratic victory to Mr. Bryan on the eve of his notification, John W. Kern, Vice Presidential candidate of the Democratic ticket, Norman E. Mack, chairman of the Democratic National committee and several other prominent Democrats were the van guard of interesting arrivals today to attend the ceremonies.

Reports received by the National committee, however, were shown to Mr. Bryan and it was generally decided that in view of the situation's disclosed in Indiana, Ohio, Illinois and other Middle Western States, an active speaking campaign in which Mr. Kern would take an equally prominent part should be waged in those States.

Regarding the campaign and the several conferences had with Mr. Bryan today and tonight, Chairman Mack said:

"While I am here principally to attend the notification ceremonies, I have discussed with Mr. Bryan tonight and will also tomorrow discuss the general plan of campaign. It has been my fixed purpose in this campaign to deal with actual facts and these I have communicated to Mr. Bryan, telling him that conditions as I have found them and as they have been reported to me by National committeemen and well known Democrats all point to his election to the Presidency.

Ohio, Indiana and New York. will go Democratic and I have told Mr. Bryan that I hold Wisconsin to me debatable ground. Let me say to all Democrats that the Democratic campaign is making more than satisfactory progress."

John W. Kern has every confidence in the election of the Democratic ticket if every man does his duty. Speaking of the situation Mr. Kern said:

"I have told Mr. Bryan that conditions are more than favorable and while it is too early to make predictions, it would seem to me that from reports received from the most conservative sources that if every Democrat would lend his aid in this campaign, as I believe he will, the National ticket will be elected. This much I feel, that Indiana is safely in the Democratic column; and, while I was only a few days in Iowa, I have learned sufficient to make me believe that Iowa is an extremely doubtful State. No defined plans have been made for my speaking tour, and it is unlikely that I will go on the stump until after my notification."

WRIGHT BROS.' AEROPLANE.

A Most Successful Sail—The Machine Under Absolute Control.

Lemans, France, Aug. 11.—This evening Wilbur Wright, of Dayton, Ohio, made the longest and most successful flight of the series of aeroplane trials which he is conducting here remaining in the air three minutes and 44 seconds. The machine circled the field three times at the rate of 36 miles an hour. On passing the grand stand Mr. Wright gracefully descended until within speaking distance of the spectators, who wildly applauded his exhibition of mastery over the aeroplane, after which he soared like a bird to new heights and continued his flight until reaching the starting point where he finally gently landed.

AMITY WITH JAPAN.

Existing Friendship Expressed at Gathering Yesterday.

(By Wire to The Morning Star.)

New York, Aug. 11.—A strong note of International amity was sounded and sympathies of cordial friendship between Japan and America were freely expressed at a luncheon in the Hotel Astor today tendered by Thomas J. O'Brien, American ambassador to Japan, by the Japanese Society of New York. Rear Admiral Coghlan and United States Senator Burrows were also guests at the luncheon which was presided over by Baron Takahira, Japanese Ambassador to Washington.

When Admiral Coghlan was called on to speak, he talked of the fleet at sea, praised the quality of the American sailors and said he hoped the Navy would increase, not against the interests of peace, but to insure peace and to prevent anyone from "treading on the tail of our coat." Speeches were made by Baron Takahira, Ambassador O'Brien and Consul General K. Midsuno of New York, in which each predicted lasting peace, amicable trade relations and friendship between the United States and Japan.

Toasts were drunk to President Roosevelt, the Ambassadors and to the two countries.

KNIGHT'S EXCURSION TO COLUMBIA.

Knight's excursion to Columbia on Monday, August 24th, offers an opportunity that may never present itself again to see the new, beautiful city, which, Phoenix like, sprung from the ashes in which General Sherman left it on February 16th, 1856, when with the exception of one small cottage on Main street not a building was left on that street, everything on it being burned for one and a half miles, and in a belt from a quarter to a half mile wide. Eighty-four squares containing 366 acres and 1,300 homes were destroyed. Go to the new and prosperous Columbia of today and wonder at its phenomenal rise.

Knights' excursions are patronized by the best people everywhere and you will make no mistake in going. Train leaves A. C. L. station Monday, August 24th, at 7:00 A. M. and will leave Columbia on the return Tuesday at 9:00 P. M. There will be separate cars for white and colored passengers. The round trip from this point is only $2.50. au 12-to-24.

Rock Candy Syr. vs. Thin People

Thin and delicate people would do well to remember that there is nothing more health-giving and tissue-building than PURE ROCK CANDY SYRUP. It is exceedingly wholesome and nutritious. Combined with the pure juices of various fruits, the combination is not only nutritious and wholesome, but very palatable.

Many people, and not a few in Wilmington, mix rock candy syrup with vanilla or some other favorite flavor and use it for eating with batter cakes, waffles and the like, and there is nothing more delicious, palatable and nutritious than such a combination for breakfast. Breakfast foods and such "fodder" are simply not in it with rock candy syrup.
